We are gearing up for the 8th annual Fall Festival, located at the Big Bear Family Campground in Windsor Virginia!! Dates will be from Thursday October 1st (Thursday night vendors and designated volunteers only, Festival starts Friday the October 2nd for Attendees), until Sunday October 4th. Those who wish to remain through Monday are welcome to do so but must make arrangements to pay the campground fee for that night.

Earthweavers is an organization composed of mothers, daughters, sisters, aunts, nieces, partners. We are family (The Hilliard Family) , six individuals, four generations of women who are pagan, yet share a diversity of belief. We walk the paths of Wicca, Qaballa, and Druid and seek to blend our beliefs, each into the other, to create our unified whole. This year will be our seventh annual festival! Our festivals are held at Big Bear Campground, originally known as Blackwater Campground.

Our purpose is to contribute to the pagan community by providing an annual fall festival where attendees can enjoy workshops, bonfires, performances, vendors, a friendly environment, and companionship. Other goals include supporting other similar organizations as well as environmental groups.
